

Kentucky Department of Education

2011-12 Safe Schools Annual Statistical Report

Prepared by: Division of Student Success
Office of Next Generation Schools and Districts

(502) 564-2116

September 2012

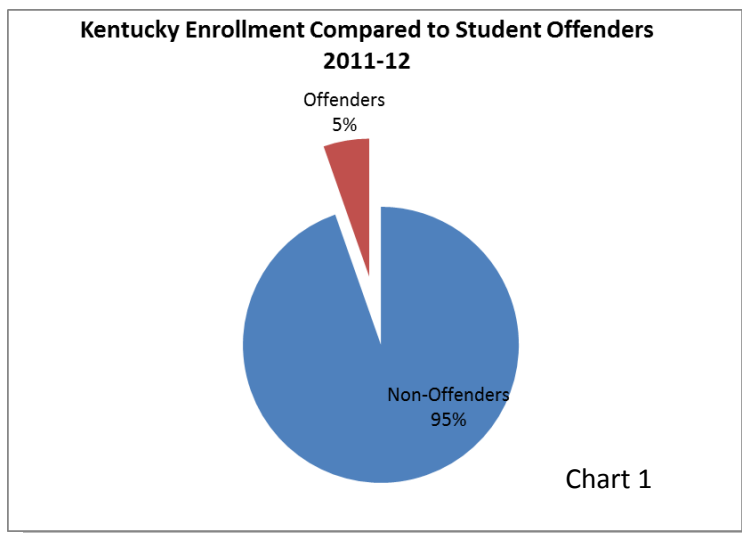

The purpose of this document is to provide a summary of the district *2011-12 Safe Schools Report*. The authoritative source of the data is the state's Student Information System, Infinite Campus. The data has gone through the following verification process:

- May 2012 – District Safe School Coordinators were instructed to begin verification of behavior data by utilizing the Safe Schools Extract within Infinite Campus.
- June 2012 – District Superintendents were required to submit district verification of data forms to KDE; this indicates that the district data were complete and accurate.
- July 2012 – KDE produced District Behavior Summary Reports and posted for district review of data; districts were notified to review the reports for any data inconsistencies.
- July 2012 – Districts were instructed to make any necessary behavior data changes in the authoritative source, Infinite Campus.
- August 2012 – Behavior Data files were processed based on KRS 158.444.
- October 2012 – School Level behavior data will be available via the School Report Card within [KDE's Open House](#).

The Kentucky Department of Education (KDE) collects data from all Kentucky public schools regarding law and board violations that result in one of the following four disciplinary actions:

- ❖ SSP1 – Expelled, Receiving Services
- ❖ SSP2 – Expelled, Not Receiving Services
- ❖ SSP3 – Out-of-School Suspension
- ❖ SSP5 – Corporal Punishment

The term “offender” refers to an individual student involved in committing at least one behavior incident as contained in this report. An offender, however, may commit multiple offenses.

Student population data are populated from the districts’ 2011-12 Growth Factor Membership.

Kentucky’s total public school population for 2011-12 was 656,258 students. Of that total, 35,243 students (5%) committed an offense that resulted in an expulsion, out-of-school suspension or corporal punishment, and there were a total of 62,044 behavior incidents reported. Less serious disciplinary actions (e.g., parent conferences, detention, in-school suspensions) are not reported to KDE and not reflected in this report.

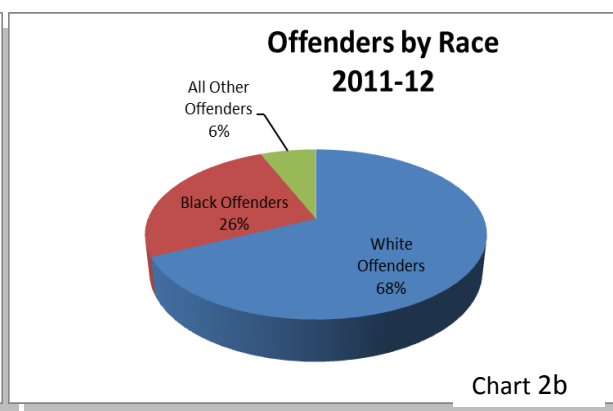

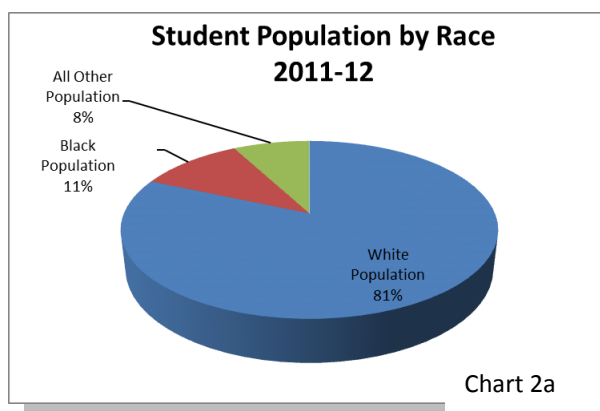

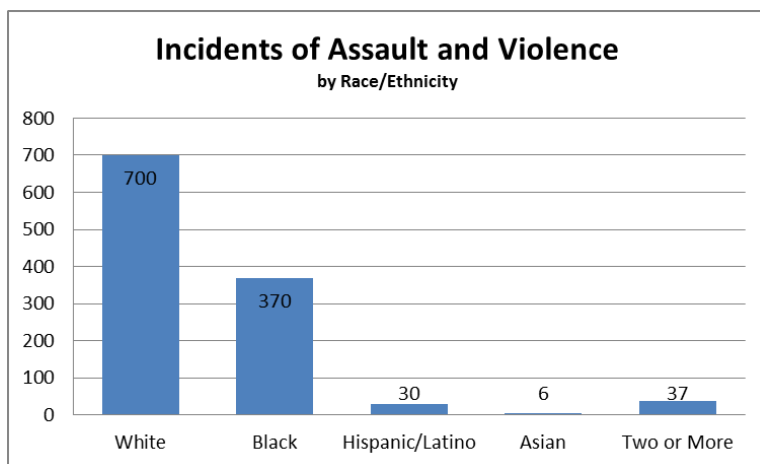

Chart 2a illustrates Kentucky students by race/ethnicity, while Chart 2b shows the percentage of offenders by race/ethnicity.

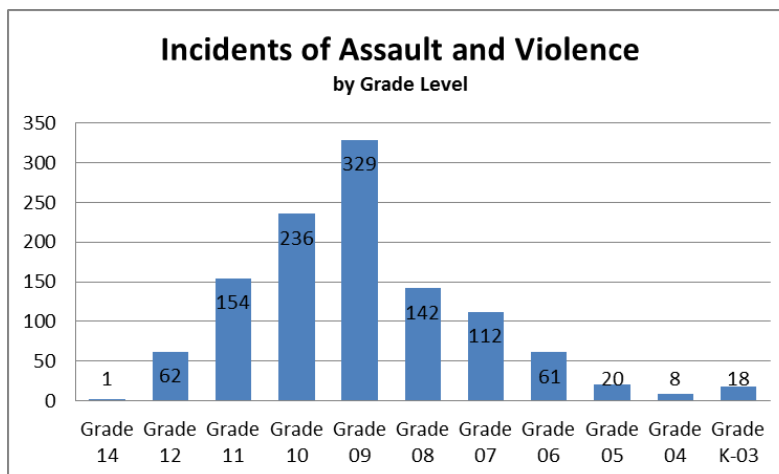

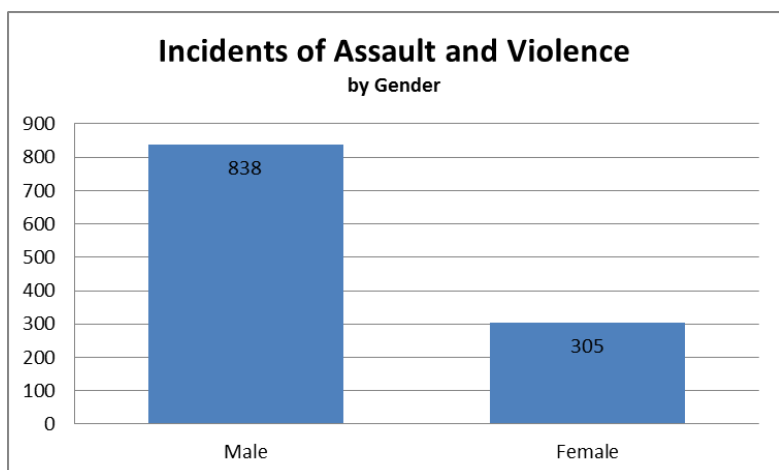

This section of the document illustrates data that is reported based on the requirements of [KRS 158.444](#). **Incidents of violence and assault KRS 158.444, Section (2) (b) 1a:**

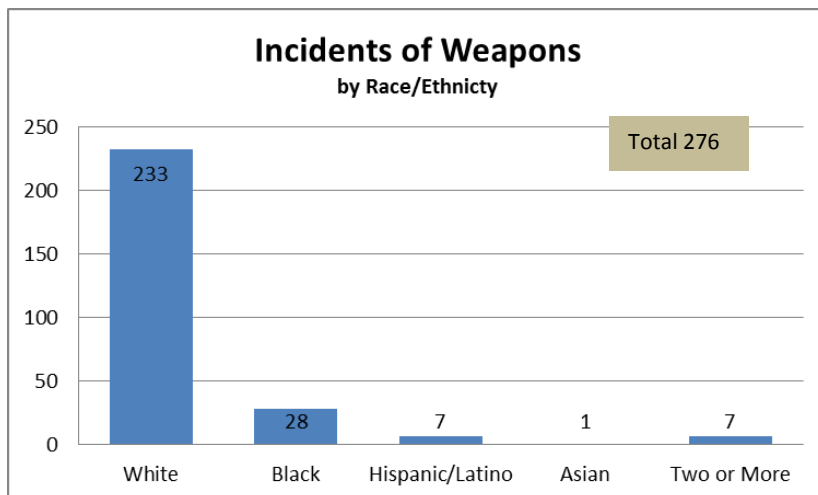

Total 1143
